

One-Time and Automatic Transactions

- Use this form for a one-time transaction or automatic exchange, investment or redemption. For IRA required minimum distributions, 403(b) or 457(b) or employer-sponsored retirement plans, download the appropriate form(s) at americancentury.com.
- Complete a separate form for accounts under different Tax Identification numbers.
- Cancelled or changed automatic transactions are effective five days after we receive your notice.
- If your fund has a redemption fee and you are redeeming or exchanging the shares before the required holding period outlined in the prospectus, the fee will be deducted from the proceeds of the transaction.
- For taxable, non-money market accounts, we will use the default method of Average Cost in reporting cost basis for redemptions of your shares purchased after January 1, 2012. If you would like us to use a different method for these purchases or elect a method for future accounts, please complete and return a *Cost Basis Election Form* or you may change your method online after your account is established.

Please print clearly in CAPITAL letters using black ink and sign in step 7.

Notice of Withholding for Traditional IRAs only

If you have not been issued a U.S. Tax Identification number, or you have been issued a U.S. Tax Identification number but the address on your account is outside the United States, please call American Century Investments before completing this form.

The amounts you receive from your IRA are subject to federal income tax withholding. You may elect to have withholding apply to your payments by checking the box below and indicating the rate of withholding.

If you do NOT want us to withhold federal income tax from your payments, do NOT check the box.

- I elect to have federal income tax withheld at the rate of ____%. Percentage must be between 10-100%. If no percentage is indicated, or if you indicated a percentage of 1-9%, withholding will be made at the minimum rate of 10%. Note: State tax will be withheld according to state regulations if, at the time of your distribution, your tax residency is within one of the mandatory withholding states.

Remember, even if you elect not to have income tax withheld, you are liable for paying income tax on the taxable portion of your withdrawal. If you elect not to have income tax withheld, or you don't have enough income tax withheld, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient.

For automatic periodic distributions only, you have the right to revoke your withholding election at any time, and any election you make will remain in effect until revoked by filing a new election.
